Principal's Message

Education is the epitome of compassion and is the most cherished treasure. It provides a society vitality and makes it possible for an individual to make a living while being respected and admired.

We are interested in doing as much work as is necessary to improve the educational environment in the country to fulfil our vision and mission. We think the most powerful tool for bringing about social change is education. We are inspired by the hundreds of students who have bright futures and successful occupations that have a positive impact on society. The purest form of education is one that transforms us into people who live in peace with all of existence rather than only imparting knowledge. Tikaram Girls College aims to constantly enhance the standard of all academic activities
