Mentoring Policy

Tika Ram Girls College, Sonapat offers a mentoring system through which faculty members are assigned a group of students at the commencement of the session. The main objective of mentoring system is to provide a reliable support system and to motivate the students to get excellence in academic and non academic field. The main objective of mentoring system is to ensure that the students adapt easily in the environment of institute.

Role of Mentors

1. Mentors must meet their mentees once in a month. They will motivate the students and will act as their advisor and guide.
2. Mentors will play the crucial role of identifying the slow learners. Special attention will be paid to them. It will reduce the number of drop outs.
3. Mentors will help the students to face the challenges and grab the opportunities present in the college and develop a smooth transition to campus life.
4. Mentors will help the troubled students cope with academic, non academic and personal problems.
5. At the end of academic Session the mentors will submit the summary of their group to the convener of mentoring committee.

Benefits of mentoring system

1. Mentees get a direct access to all the resources of the institution.
2. This system offers the students an exposure to diverse academic and professional prospective.
3. Offers the foundation for the students to gain success in their personal and professional lives.
4. Helping the students to develop the inter personal skill.
5. Offers psychological support for the students and enhances their confidence
6. Students get access to a support system during the crucial stages of their academic, professional, intellectual and personal development.
